

A Special Thanks

Last fall our House Mom, Charlotte Danielson, and the Mom's Club raised enough money from donations amongst themselves and the Alumni Board of Trustees to buy three new, leather couches and a new high-Definition TV for the basement. The ABT also put in Direct TV for the new TV. This has been greatly appreciated and very well taken care of. The Mom's Club also put together a fund-

raising event to help with some of the improvements to the house as well as to help in the funding of the Mikee Woodard Memorial Scholarship. The events of the night included; a Texas Hold 'Em Poker tournament, a silent auction of various items donated to the Mom's Club and the Brother's being auctioned off for a day's worth of labor to the winning bidder.

Jimmy V Foundation - Our National Philanthropy

Between 1998 and 2006 the Delta Chi Fraternity has donated 223,000 man-hours community service and over \$1 million to various charitable organizations. By teaming up with The V Foundation it will allow Delta Chi to focus on one cause and organization.

A little Background...

The V Foundation was started in 1993 by ESPN and Jim Valvano. In that short period of time the V

Foundation has raised more than \$60 million and awarded cancer research grants in 37 states and the District of Columbia. The V Foundation has an excellent track record of finding and funding young elite researchers.

"The V Foundation is a charitable organization dedicated to saving lives by helping to find a cure for cancer. The Foundation seeks to make a difference by generating broad-based support for cancer research and by creating an urgent awareness among all Americans of the importance of the war against cancer. The Foundation performs these dual roles through advocacy, education, fundraising and philanthropy."

Van Riggs

Matt Stanley

Brothers Around Campus

Van Riggs, a senior in Mass Communications, and Matt Stanley, also a senior in Mass Communications, have started a sports talk show on Auburn University's radio station WEGL 91.1. This has let these two outstanding radio personalities get themselves heard. Their show can be heard on 91.1 FM on Mondays and Wednesdays from 5-6p.m. Van will go on this fall to begin his internship at Quantom Communications in Auburn. He will be doing the play-by-play commentary for Lee-Scott Academy's football games this season. Matt Stanley is involved in more than just the radio station on campus. He also works

with Eagle Eye News, Auburn University's campus news program as well as the War Eagle Girls and Plainsmen, Auburn's official guest hosting program.

Here at Auburn we stress high academic standards. Brothers must maintain a 2.5 GPA to stay off social probation, but to achieve this the Delta Chi Educational foundation needs some help. The Educational Foundation is a fund created by donors to help aid in the purchase an maintenccne of educational equipment such as computers. These doantions will also help to fund the "Mikee Woodard Memorial Scholarship".
